

The image features a large, bold blue font word "kula". Above the letters, there is a geometric shape consisting of a red line segment and two blue squares. The red line starts from the top-left and slopes upwards towards the top-right. Two blue squares are positioned on this line: one is located above the letter 'u' and another is further up the slope. A vertical blue line extends downwards from the top-right corner of the second square. The background is white.
